MADISON TOWNSHIP TRUSTEES GROVEPORT, OHIO

January 15, 2014

By invitation of the Board, Michael Meeks of the Franklin County Engineer's Office reported on interim work planned to be done at the Winchester Pike, Ebright Rd/Shannon Rd area in 2014, slated to include a full traffic signal. He continued, announcing that planned work for 2015 included moving Bixby Road slightly and adding a traffic light at Bixby Road and Brice. The third year includes plans for more widening at Winchester Pike intersections with Ebright and Shannon. Sometime during this timeframe, work is also planned for Winchester Pike and Watkins Road. Conversation with the Board ensued. Mr. Meeks noted that once design is completed, landowners will then be approached. He will have a better idea of scheduling in the spring, following these steps. He will also ask for police presence in the area during construction projects.

Mr. Meeks also discussed the six traffic studies within Blacklick Estates requested by the Board. Traffic counts at each were conducted all day, when it was sunny and school was in session. He has prepared a report, given to the Administrator, showing that none of these study areas have met requirements of the Ohio Book of Standards for any action to be taken. Trustee Gary McDonald reiterated his concerns, especially with the long Fullerton/Clearwater stretch between Noe-Bixby and Sedalia. He also thanked Mr. Meeks for his work. After Board questioning, Mr. Meeks cited the "warrant" that all subdivisions must follow and warned that the Township should seek legal assistance should it consider any options as the Board has liability if they stray from the guidelines.

Mr. Meeks gave a history and update of Toy Road issues. He noted that Toy and Swisher are considered "Farm to Market" roads, for which Ohio does not have limits on trucks. He cited legal case which does not allow the Township to enforce truck limits. Mr. Meeks and Administrator Susan Brobst explained reasons that the Township cannot enforce weight limits. Police action in the early 2000's was discussed. Mr. Meeks feels that the best solution is to provide traffic a better way to go.

Administrator Brobst, along with Police Chiefs Portier and Ratliff, feel that visiting warehouses, especially talking with dock employees and encouraging use of Alum Creek would be beneficial. Signage telling trucks to use Alum Creek is another viable suggestion from the group. It was noted that another warehouse will open in approximately 90 days. Mr. Meeks was asked to stay through public comment as requests to speak were on these subjects.

PUBLIC INPUT:

Resident Tim Fritchen Sr. stated that the Winchester Pike/Ebright Rd intersection is a very dangerous area. He feels that it is not just speed but drivers trying to beat the system making quick left turns. He feels the right turn put in has made the situation worse.

Resident Charlene Nutter agrees that this area is dangerous, feeling it is almost safer during rush hour. She wanted to be on the record that something needs to be done and is glad Winchester Pike/Ebright/Shannon is first on the calendar and that the County is continuing to work on the issues.

TOWNSHIP DEPARTMENTS:

Police Chief Michael Ratliff answered questions following a visual presentation of his department's stats. Trustee McDonald asked that active, open detective cases be included in future reports.

Road Superintendent Dave Weaver gave an update of items related to the winter season, noting that salt use was 90 tons over the same time last year. More brine is being used, rather than salt, especially in lighter snows. Mr. Weaver also reported that one of the crew is out every day filling potholes non-stop.

TOWNSHIP ADMINISTRATOR:

Administrator Susan Brobst discussed resolutions for life & disability insurance and additional nuisance properties which Fire Marshall Stelzer has condemned. She also reported that 3773 Beechton will be torn down by the bank, rather than go through the Land Bank. The siding has been removed at properties on Shoreline and Clearwater, Fontaine is down, and Wyncott is down with seeding being completed. Administrator Brobst also noted that there had been problems in working with the owner of 5439 Sedalia regarding rehabilitation of the property and it would be going before the Prosecutor.

TOWNSHIP FISCAL OFFICER:

Fiscal Officer Barbara Adams discussed the busy season of closing and beginning the years, as well as the annual resolutions approving encumbered balances and tax advances. The balances were discussed, noting 2013 low real estate receipts, tempered by cutting expenses and the OBWC Billion Back refund received by all employers.

March 19, 2014

The Madison Township Trustees met in regular session at 6:04 PM on March 19, 2014 at the Madison Township Community Center. Roll call showed the following trustees present: Mr. Edward B. Dildine, Mr. Victor Paini, and Mr. Gary D. McDonald. Mr. Dildine led those present in the Pledge of Allegiance to open the meeting.

PRESENTATIONS REQUESTED BY THE BOARD:

Fire Chief Robert Bates introduced recently retired FF Mark Wagner, who passed the Badge One honor on to Wayne Altman, now the senior-most firefighter in the department. All present congratulated FF Altman.

FF Jim Embree gave a presentation on the Medic ID bracelets, which are waterproof and work on a USB computer drive. He thanked the Board for their support in this shared project. The bracelets are now on sale for \$20.00. The Board commended FF Embree for his work on this project.

Groveport Madison Schools Board President, Bryan Shoemaker, explained the very severe need for passage of the May school levy. He noted that due to the State taking away funds, they are working under the same monies as when they passed a levy back in 2009. He spoke of the need for a new high school, as the current building was built for 900 students and now houses 1500. He spoke of the great cost of building repairs and roof replacement. Mr. Shoemaker stated he was reaching out to the Township and other entities to work together toward the benefit of our shared community. He also asked permission for a 4x8 sign to be placed on the Township property. Mr. Shoemaker also answered questions of a resident in attendance that had recently been to the high school open house.

Eric DeHays, representing Local Waste, discussed the possible need of changing the waste pick-up day for Madison Township beginning July 1, 2014. He will know soon if the change, which he stated would keep prices down as they grow, will be needed. Mr. DeHays noted that this rarely happens. He stated that weeks before such a change every resident would get a letter, there would be notices in the newspaper, signs placed in the community and much more. There would be service two times during the week of change and courtesy pick-up the second week of the change. Trustee Ed Dildine mentioned a possible Hilliard contract and noted that if a day change did occur, it would probably be a one-time shot.

Administrator Brobst noted that the contract state approval of the Board is needed for such a change. Trustee Victor Paini asked that Mr. DeHays return to a future meeting. The Board acknowledged Local Waste's excellent service with Trustee McDonald highlighting excellent service during the blizzards. Mr. DeHays stated that should the change be needed, they will do it correctly and do whatever it takes to make a smooth transition. He also noted that Local Waste has never had an issue when making a pick-up day change in the past.

TOWNSHIP FISCAL OFFICER:

Fiscal Officer Barbara Adams noted that the cash balance was \$1,684,799.54 before settlement. Trustee McDonald thanked Chief Bates for his letter regarding the potential CAT tax reduction.

NEW BUSINESS:

Discussion ensued regarding placement of a GM School levy sign on Township property. Administrator Brobst and Fiscal Officer Adams gave some history regarding the subject, with Chief Bates reminding of policy regarding signs approximately three years ago. Trustee Paini supported the placement feeling it was a symbiotic entity and they had a severe need. Trustee Paini and Dildine questioned previous reasoning and Trustee McDonald felt that if a sign was allowed on the property, opposition signage would have to be permitted. He felt it may be a legal quandary, noting that the property belongs to the taxpayers.

Dildine, Mr. Victor Paini, and Mr. Gary D. McDonald. Mr. Dildine led those present in the Pledge of Allegiance to open the meeting.

PURPOSES OF MEETING:

This Special Meeting was previously resolved to be held for the purpose of a budget work session.

DISCUSSION:

Fiscal Officer Adams provided information and comments at the beginning of each department discussion. She also discussed carry-over needs of each department because of potential state decisions that have changed and potentially will change township funding. As well, now the Township does not receive the majority (6/7ths) of PPT reimbursement from CAT tax until December. The Board agreed that the departments should still strive toward 25%/3 month carry-over. FO Adams reminded of the long term PPT/CAT Tax loss for the General, Road& Bridge, Police, and Fire Funds. Also noted was the long-term reduction of Local Government Tax and the elimination of Estate Tax, which both relate to the General Fund. She presented the "other funds" (small or in/out funds) intermittently between department discussions, noting that FEMA expenses will be posted, since the entire amount had been received. She reminded that the Police Enforcement and Education Fund had been spent down in 2013 as planned. Department discussions were geared toward savings following the receipt of the first RE tax settlement showing lower receipts than the same time last year.

Road Superintendent Dave Weaver has looked into savings in the areas of revamping the paving/pavement repairs schedule and changing this year's tractor trade-in schedule. He warned though, that any time we could face a road breakdown situation, especially following this hard winter. Trustee Paini noted that we may need to get more strategic with this department.

Police Chief Michael Ratliff felt that he would be able to have savings in the K-9 and New Buildings & Additions lines. He will hold off on the second vehicle purchase this year until further direction. Trustee McDonald still feels reserve officers or part-time officers are needed. He would like to see 2 or 3 added and that the Drug Trust Fund has money that could be used.

Fire Chief Robert Bates and the Board had lengthy discussion regarding vehicles. In response to Trustee Paini, the department will need to work in 2015 for a 2016 delivery of a medic and work in 2016 toward 2017 delivery of an engine. Administrator Brobst discussed the Local Government Initiative Fund, able to loan on certain approved projects over an 11 year period, in relation to a CW Fueling Depot. Chief Bates felt that rumored BWC reporting changes may save up to \$100,000 this year, however FO Adams feels these changes will only affect the private sector.

He also explained that growing their service area at this time will allow the company to invest more into keeping the fleet as up to date as possible with the zero-emission trucks. It was noted that there would be pick-ups on Tuesday-June 24th, Thursday-June 26th, and regular Thursday service would begin Thursday-July 3rd.

Trustee Paini reminded that the Board had been excited to partner with Local Waste, was glad rates were down, but does not want to face multiple requests of pick-up day changes. Dildine, Mr. Victor Paini, and Mr. Gary D. McDonald. Mr. Dildine led those present in the Pledge of Allegiance to open the meeting.

SERVICE AWARDS:

Police Captain Ken Braden presented Detective Keith Mallory his 10 year service award. All present congratulated Detective Mallory

PUBLIC INPUT:

No attendees wished to address the Board.

TOWNSHIP DEPARTMENTS:

Fire Chief Robert Bates provided visual statistics for the month of April and discussed the recent warehouse fire simulation and Mobile Ventilation Unit (MVU) testing. He also discussed the report from the City of Columbus showing that Madison Township was the third busiest unit, behind two of Franklin's units. He also noted that Jason Osborne should be returning in June. Chief Bates thanked several individuals and Unit 2 for special assistance within the department. He also reviewed the current policy for Columbus State Community College use of credits, noting that Lt. Roth's request is consistent with the policy.

Police Captain Ken Braden introduced Detective Keith Mallory who gave a visual presentation of April's department statistics. Trustee Dildine thanked Detective Mallory and Trustee Paini thanked the department for vacation checks.

Road Superintendent Dave Weaver noted that street sweeping was later this year due to the weather and the company did a very good job. The crew will be patching Toy Road over the next 2 or 3 days. They will then work on Rager Rd. between Dills Greenhouse and Sims Road. Nuisance property mowing began this week. Superintendent Weaver explained the resolution for hiring a part-time seasonal road department worker, noting that Mr. Banks had just graduated from Canal Winchester and should be a nice fit.

TOWNSHIP ADMINISTRATOR:

Administrator Brobst noted that the Transient Vendor Policy will be enforced once signs have been received and posted. She reminded that several job descriptions had been sent to the Board for review. She also noted that the Gender/Lithopolis round-about construction had begun, with heavy construction and detours in place as school is out for the summer. Discussion of the new fuel pump needed ensued. The 2014 budget included the replacement with the current quote coming in a little higher. The purchase process will be initiated. She also reported on the high usage of the park's front shelter house and the Community Center.

Mrs. Brobst discussed resolutions on the agenda for approval. She especially noted that townships with a population over 10,000 are now permitted to jointly choose one representative to the Land Bank. The joint fuel station project group had decided not to go for the Local Government Initiative Funding as the process would take too long and the project needed to be completed before school was in session this fall.

TOWNSHIP FISCAL OFFICER:

Fiscal Officer Barbara Adams reported that \$3,745,063.01 was the current cash balance. She reminded all that the 2015 annual budget hearing would be held during the regular meeting set for July 14th to meet budgeting deadlines. She also explained the need to amend a resolution, as she had been informed that a previous assessment did not include the Local Waste fees.

OLD BUSINESS:

Scott Belcastro, representing Trebell, reported on electrical aggregation processes and noted that annual filings with the PUCO had been completed and filed. Having heard earlier transient vendor discussions, he asked Township residents to be aware that some electrical and natural gas vendors have started going door to door, being pushy, and telling residents they must sign up now. Mr. Belcastro also reported that the very strong 90% electrical aggregation rate was resulting in \$179,490.66 resident savings since the Dec/Jan beginning timeframe.

Mr. Belcastro explained the process needed and the savings calculations for gas aggregation. This industry is much more stable and would result in much smaller resident savings but would give the combined communities large buying power and protect citizens against large movements in the market. Lengthy discussion ensued. Trustee McDonald would like to see more of a study and have more meetings as with electrical aggregation. Mr. Belcastro noted that there would not be near the issues as with electrical aggregation, which is more complicated. Administrator Brobst stated that there was no intention for the Board to act on gas aggregation this evening.

Mr. Belcastro also noted that Trebell has always strived to be a part of the communities with which they work. In addition to items at Christmastime, he presented a Trebell grant of \$1000.00 for the benefit of the Madison Township community. Discussion continued. The Board thanked Mr. Belcastro and Trebell for the grant to Madison Township.

Administrator Brobst noted that the Township did not go up the flagpole rope at the Asbury Cemetery. Instead a local school PTO helped to resolve the immediate problem. Local businesses are being sought to help the cemetery with a permanent solution to their problem.

Mrs. Brobst further discussed the \$95,400 estimated cost of the joint fueling station, with a 9.2% share (<\$8800.00) based on estimated usage of the Township Fire Department. The site will be at the Canal Winchester High School. Fire Station 182 will be using this site and it will be a backup for all departments, should our pump be completely out of service.

Administrator Brobst further discussed costs of replacing our current system on the Township complex. The new cost is expected to be around \$18000.00 plus additional electrical needs.

Dildine, Mr. Victor Paini, and Mr. Gary D. McDonald. Mr. Dildine led those present in the Pledge of Allegiance to open the meeting.

A moment of silence was observed in memory of Madison Township Police Chief Michael Ratliff. Trustee Ed Dildine thanked all for their support during the time of his passing.

PRESENTATIONS REQUESTED BY THE BOARD:

Fire Chief Robert Bates presented FF Allen Young with his 20 year service award. He then presented FF Jim Embree, FF Bill Mallory, FF Joe Rider, Lt. Bob Schneider, and Fire Marshall Rick Stelzer with their 25 year service awards. All present showed their appreciation of the years of service to Madison Township by all of these employees.

Township Attorney Mike Short reviewed quick action by the Board in filing written charges on July 27, 2014 against Police Officer Timothy Johnson. Interim Police Chief Braden had placed him on administrative leave until the scheduled hearing tonight as per Ohio law. Mr. Short stated, that through the attorneys, Mr. Johnson has agreed to go on unpaid leave following July 12th and has submitted his retirement papers to OPERS as of July 10th, therefore it is not necessary to go forward with the written charges/public hearing. There were no questions from the Board.

RESOLUTION:

104-14 ACCEPT TIMOTHY JOHNSON RETIREMENT AGREEMENT

Mr. Paini moved to accept the agreement from Timothy Johnson to move to unpaid leave status effective midnight July 12, 2014 and to accept his permanent retirement from the Township once his OPERS retirement becomes effective. Mr. McDonald seconded the motion. Discussion: It was discussed whether an end date should be included in this resolution. Mr. Short noted that retirement paperwork had already been submitted and Trustee McDonald confirmed that it should take about three weeks. Roll call showed: Aye: Mr. McDonald, Mr. Paini, and Mr. Dildine. Motion carried.

PRESENTATIONS REQUESTED BY THE BOARD (Con't):

Laurie Lyles, Toy Road resident, requested a letter of support from the Township to close Toy Road altogether or make it one-way. She presented petition signatures representing 37 households. Much discussion ensued and there were issues with both options. Trustee Paini had expected to see a dead-end option available. The Board directed the Administrator to work with Mrs. Lyles to help clarify the issue and work on a letter of support. Trustee Paini confirmed that the Board was supportive of correcting problem issues but it needed to be worded properly.

PUBLIC INPUT:

Penny Smith, representing the Blacklick Estates Community BlockWatch, reported on the continued success and growth of the group, now with 875 members. They are meeting the Wednesday before

Township Board meetings and performing informal midnight strolls. They have also sponsored the "Effective Witness Program" on July 9th and are planning a Community Day, for which she gave details and is working with the Groveport Madison Schools Superintendent Bruce Hoover. Trustee McDonald suggested coordinating with the National Night Out program. Trustee Dildine thanked her very much for the group's work.

TOWNSHIP DEPARTMENTS:

Fire Chief Robert Bates discussed the June fire stats, which were in the Trustee mailboxes, and he noted that the department was on pace for 6000 alarms this year. He discussed the 5 year fire department revised plan. Trustee McDonald noted that it was very in-depth.

Interim Police Chief Ken Braden presented June written stats and responded to the Board that the detectives were working many drug cases at this time.

Public Works Superintendent Dave Weaver reported on nuisance property mowings and that if the weather cooperated, Rager Road repairs would be completed this week, followed by Sims Road.

TOWNSHIP ADMINISTRATOR:

Administrator Susan Brobst discussed resolutions on the agenda approving job descriptions and one position reclass. She reported that we would be able to move back into a Workers' Comp group next year but much savings would not be seen until years 2 or 3. She also discussed health insurance funding levels.

TOWNSHIP FISCAL OFFICER:

Fiscal Officer Barbara Adams noted that the cash balance was \$ 3,199,791.05. She apologized that the June 18th minutes had been lost in her recent computer replacement issues but time had allowed at least reconstructing the resolutions portion of the meeting, which was posted. She then asked that the Board open the required and advertised 2015 annual budget hearing.

RESOLUTION:

105-14 OPEN PUBLIC HEARING FOR 2015 ANNUAL BUDGET

Mr. Paini moved to open the public hearing for the 2015 Annual Budget. Mr. McDonald seconded the motion and roll call showed: Aye: Mr. McDonald, Mr. Paini, and Mr. Dildine. Motion carried.

Fiscal Officer Adams explained the official budgeting process required by Franklin County, noting that many counties forego this process. This July budget is a very estimated one and is summarized in a format not very useful to the Township. The Township does actual budgeting in December, once receipts for the year are known, and followed by temporary appropriations for the new year. Although we do not actively use this budget, a pattern of potential reduced carry-overs in most areas continues to be seen. FO Adams reminded of potential future cuts that must be kept in mind. Interim Police Chief Ken Braden discussed possible building awnings and keyless building entry. Administrator Brobst discussed expected health insurance increases. There were no questions from the public.

SPECIAL MEETING

August 11, 2014

The Madison Township Trustees met in special session at 7:30 AM on August 11, 2014 at the Madison Township Community Center. Roll call showed the following trustees present: Mr. Edward B. Dildine, Mr. Victor Paini, and Mr. Gary D. McDonald. Mr. Dildine led those present in the Pledge of Allegiance to open the meeting.

PURPOSES:

Proper notification was completed for this special meeting on August 11, 2014 set for the Administration and Police purposes of: discussion and possible action regarding PUCO Aqua Water rate increase case, discussion and possible action regarding Police Reserve Program and possible hiring of the same, and approval of nuisance properties to be submitted to the COCIC Land Bank.

Administrator Brobst noted that, after thorough review of 4 or 5 properties, there were no nuisance properties to be submitted to the COCIC land bank at this time as those being reviewed were very involved in the owner process and there had been difficulty getting in touch with owners. She also noted that unless properties were into the COCIC Land Bank by August 21st, they will not be able to be torn down by the funding deadline of September 30th.

Lengthy discussion ensued regarding a Police Reserve Program with Interim Police Chief Braden and Trustee McDonald in support of the program. Trustee Paini raised several issues and stated that his opinion had not changed, he was not excited about the reserve program because he did not want to take away from the full-time officer budget in order to accommodate the reserve program and understood wanting qualified help but was concerned about the size. Related to hiring, Trustee Dildine expressed concerns which Chief Braden assured had been addressed. Discussion continued.

Discussion of the PUCO Aqua Water rate increase case then ensued, including expectations of the rate case which is believed to be heard soon. The Board will send a letter recognizing and in appreciation of the new relationship and problem solving of Aqua Water, appreciation of the new water softening program, and noting that the current relationship is better than years past but any type of increase would be a hardship to the community.

RESOLUTIONS:

123-14 ESTABLISH POLICE RESERVE PROGRAM

Mr. Paini moved to establish a Police Reserve Program beginning August 11, 2014 with all 2014 expenses to be paid from the LETF. Mr. McDonald seconded the motion and roll call showed: Aye: Mr. McDonald, Mr. Paini, and Mr. Dildine. Motion carried.

REGULAR MEETING

August 20, 2014

The Madison Township Trustees met in regular session at 6:00 PM on August 20, 2014 at the Madison Township Community Center. Roll call showed the following trustees present: Mr. Edward B. Dildine, Mr. Victor Paini, and Mr. Gary D. McDonald. Mr. Dildine led those present in the Pledge of Allegiance to open the meeting.

PRESENTATIONS REQUESTED BY THE BOARD:

Fire Chief Robert Bates presented Dianna Wears with her twenty year service award. Firefighters Jason Loucks & Michael Kipp (not in attendance) received ten year service awards. All were congratulated by those present.

Christine Boucher, representing the Greater Groveport Madison Human Needs, reviewed some of the group's "neighbors helping neighbors" activities. She then introduced Steven Shirley, who presented summary information of the Groveport Madison Summer Lunch Program spanning over 9 weeks at 4 sites with 30 volunteers serving 10,295 lunches. Mr. Shirley expressed appreciation of the Township's support of this worthwhile program provided through coordination of the Departments of Agriculture and Education.

Jim Ramsey, of the Franklin County Engineer's Office, reviewed the NPDES permitting program, meeting requirements of The Clean Water Act. In 2003, township entities and the County began co-permitting to share responsibilities and lessen the impact on each. There have been many changes during the first two 5 year permitting periods but few changes are expected for the 3rd permitting period. Mr. Ramsey complimented Public Works Superintendent Dave Weaver for his work with NPDES and noted that it is an unfunded mandate.

Groveport Madison Schools Superintendent Bruce Hoover reported on Verizon's recent request of the School District to place a cell tower at the Asbury Elementary School site. They view this as a service option to the community as the financial gain is fairly inconsequential. The School Board is asking for input, as it values the opinion and the relationship of the Township and other entities. GM Schools Treasurer Tony Swartz continued, explaining Verizon's request process to date. Discussion ensued.

Trustee Gary McDonald, as a Trustee representing some residents for which he has been asked to speak, and as a resident of that area himself, expressed concerns of a tower detracting from the community and lowering property values in an area where the Township and the residents have been working hard to improve, beautify, and instill pride. He also had concerns about the welfare and safety of our children, enticing tower climbing at the school where the Police Department receives calls due to children already climbing on the roof of the school.

August 20, 2014

Discussion of public input about the possible tower continued with Township representatives agreeing that their preferred process would be an informational public meeting held at the Asbury Elementary School location. Mr. Hoover asked if the Township views the increase of cellular reach as a public service. Trustee Victor Paini responded that it could be but he has not seen any data on this potential project. He noted that he was not sure that Trustee McDonald spoke for the entire Board but believes he brought up legitimate concerns. He encouraged the local public meeting at Asbury and reminded Superintendent Hoover that the GM Schools did not need the Township to proceed, noting that the Board would observe and give feedback from the residents.

PUBLIC INPUT:

No attendees wished to address the Board.

TOWNSHIP DEPARTMENTS:

Fire Chief Robert Bates presented visual department stats for July, reported that the new MVU (mobile ventilation unit) arrived today, and explained the mini ISO (Insurance Service Organization) inspection/review, scheduled for September 2nd, which could possibly result in a reduction of insurance rates.

Interim Police Chief Ken Braden introduced Detective Keith Mallory, who presented visual department stats for July. Chief Braden reported on the bike patrol now in Blacklick Estates from 3:00 PM until just before dusk and the good feedback he has received from residents. Trustee McDonald confirmed good reports he received at the recent BlockWatch meeting and thanked Trustees for taking a second look at this and working with the community.

Public Works Superintendent Dave Weaver reported on mowing and crosswalk painting, using a different paint. His crew is still working on road repairs to be followed by crack sealing, with a different method to be used in Blacklick Estates and using chip on the country roads. Superintendent Weaver reported that the fence along the football field at Brobst Park had been completed. Trustee McDonald and Superintendent Weaver discussed a resident drainage issue on Sundale, which has been addressed to our legal ability.

TOWNSHIP ADMINISTRATOR:

Administrator Susan Brobst explained the annual resolution regarding snow and ice removal.

TOWNSHIP FISCAL OFFICER:

Fiscal Officer Barbara Adams noted that the cash balance was \$5,841,796.89. This includes the recent real estate tax settlement which, before a small expected manufactured homes real estate tax settlement, falls short of the County real estate tax estimate of over \$110,000 combined. She also explained the needed bi-annual street lighting assessment resolution.

OLD BUSINESS:

Administrator Brobst reported on information gathered to date regarding statutory authority to help the Asbury Cemetery Association. The Township is interested in finding a way to help as we do not wish this active cemetery to be turned over to the Township. The first step is to allow contact with an attorney versed in cemetery law. The Association has just provided financial information we will be reviewing. In response to Trustee McDonald, Mrs. Brobst noted that the law firm had been recommended by Canal Winchester, had advised municipal league officials, and would be less expensive as they were already knowledgeable in cemetery law.

Interim Police Chief Braden noted that policy had been established for a Reserve Program and Reserve Officer Galvin would be in training the following day. Administrator Brobst noted that this had been approved at a special meeting with resolutions passed on a limited basis and under discretion of the Police Chief.

NEW BUSINESS:

Administrator Brobst introduced the idea of reservations for the second shelter house at Brobst Park as conflicts have risen from the first-come policy. Also introduced was the possibility of charging a fee for park reservations. Discussion ensued including Community Center fees. Administrator Brobst is gathering additional information for review.

Dildine, Mr. Victor Paini, and Mr. Gary D. McDonald. Mr. Dildine led those present in the Pledge of Allegiance to open the meeting.

SERVICE AWARDS:

Fire Chief Robert Bates presented Larry Baugess with his 25 year service award. Public Works Superintendent Dave Weaver presented Wes Welch with his 20 year service award. All in attendance showed appreciation for these employees.

OATHES OF OFFICE:

Fiscal Officer Barb Adams presented Kenneth J Braden for his oath of office as the new Madison Township Police Chief. Chief Braden had been serving the Township as Captain, followed by Interim Police Chief. Chief Braden then presented Detective James Dean, serving as Interim Captain, for his oath of office as Police Captain. All present showed their congratulations to Chief Braden and Captain Dean. Refreshments celebrating these promotions were served prior to the meeting.

Bruce Jarvis, Executive Director of Destination Canal Winchester, along with former Trustee Robert Garvin, thanked the Board for their personal support of the Medic Tent at the Canal Winchester Rib Fest. They thanked the Township, as a whole, for sponsoring the event with special thanks to Trustee Dildine and Fire Chief Bates for their time and energy in the vendor lay-out. A plaque, with a Rib Fest poster signed by all of the entertainers, was presented to the Township in appreciation of this partnership. PUBLIC INPUT:

Resident Kim Jordan addressed the Board about getting stricter policies on who comes into the Township, such as background checks on renters themselves. She was again told that the Township has no jurisdiction in this area, which would be addressed by the homeowner during the rental application process. TOWNSHIP DEPARTMENTS:

Fire Chief Robert Bates noted that monthly stats were in the Board mailboxes. He also explained the resolution to donate surplus turn-out gear to Box 15 to use as rain and winter incident gear. Names have been removed from the gear. He also explained the resolution accepting the 1.4% 2015 billing adjustment for Medicare/Medicaid.

Chief Bates gave an extensive visual review of the recently approved 5 Year Plan for the Madison Township Fire Department. He noted that runs totaled 4242 in 2004, increasing to 5799 in 2013. It is expected they will total between 6050 and 6100 for 2014. In looking back farther to 12 years, there has been a 53% increase in EMS alarms and a 31% increase in fire alarms. Key issues discussed were, 12 firefighters eligible for retirement, promotional changes, the reduction of four positions due to fiscal issues, foregone taxes in recent years, and potential future cuts. He explained the coming Next Gen 911 web based technology replacing copper phone wire technology, Community Paramedicine, P25 compliant radio systems, OPTICON traffic light changing systems, and statutory changes related to patient treatment and care all coming in the near future.

Chief Bates noted that ballistic vests and a battalion vehicle were scheduled for purchase this year. A new medic is scheduled in 2015 with other equipment replacements in the future. In response to Trustee McDonald, he noted that the planned new medic would be a different type than currently at Station 181. The Fire Department is recommending that 4 mills be placed on the 2015 primary ballot resulting in approximately \$140/year per \$100,000 valuation. This is needed to fund all items discussed and a third station, putting another medic in service, on the property the Township already has in Blacklick Estates and providing operating costs for this station.

Chief Bates also noted that a new assisted living facility in Canal Winchester had added about 70 runs per year. Another nursing facility planned for Canal Winchester is expected to add approximately 200 runs. He discussed the cloud based reporting software expected in 2015, which may eventually provide some cost savings. He explained the treatment statute changes coming that will change the scope of practice to "community" versus the now "emergency medicine" basis. He also stated that Columbus, where we contract for communication service, is civilianizing their alarm office and is also positioned well for the P25 radio and Next Gen 911 changes. The Fire Department is developing a long range, functional master plan that will drive updates to the 5 Year Plan each year.

Trustee McDonald noted that the department will take their plans to the community and will make presentations to any group requesting one. Chief Bates has made a presentation to Groveport Council and will be making presentations to Canal Winchester Council and the Chamber of Commerce in the near future. Mr. McDonald stated that as a resident of Blacklick Estates, a station in the area would be a great service to the community. Trustee Painsi thanked Chief Bates and the Department for putting together this well thought out plan.

RECORD OF PROCEEDINGS

№ 001591

MADISON TOWNSHIP TRUSTEES GROVEPORT, OHIO

September 17, 2014

Police Chief Kenneth Braden introduced Detective Keith Mallory, who gave a visual presentation of August stats for the very busy Police Department. Trustee McDonald noted that the Detective Bureau was on overdrive and doing a fine job. Chief Braden discussed removal of the pine trees and the replacement process. He also discussed quotes for repair/replacement of a generator with a hole in it.

Public Works Superintendent Dave Weaver discussed crack sealing in Blacklick Estates and working on rural Rager Road, to be followed by Sims Road. He noted that painting crosswalks had been completed and that yellow on the curbs would be repainted in 2015. Superintendent Weaver discussed the Franklin County Engineer's drainage project crossing Rager Road, which is expected to be completed in the next few years. He feels this will help the Harriett Edition tremendously. Also discussed was communication with Franklin County regarding salt for the winter season, appreciation for help with the trees, and dump truck parking on Loeffler Lane, for which Mr. Weaver had found no road problem but possible cutting of a corner. He will look into the issue further.

TOWNSHIP ADMINISTRATOR:

Administrator Susan Brobst is working on the newsletter to be out soon. She noted that there were 229 signups for the newsletter or alerts.

TOWNSHIP FISCAL OFFICER:

Fiscal Officer Barbara Adams noted that the cash balance was \$ 5,197,048.75. She discussed the annual amounts and rates resolution for 2015, noting that in comparing to the previous annual resolution the four funds were totally down in excess of \$230,000.00. She also discussed street lighting assessment, explaining the process and giving the 2 year assessment increased for each district. She noted that the electric company expected no increase in 2015 and felt that 5% was a safe estimate for 2016.

FO Adams discussed mowing assessments, noting that approximately 10% were paid directly to the Township before being sent to the County. She noted the difficulty in determining exact cut-offs due to County reporting of previously delinquent payments and current delinquent accounts. Approximately 50% of mowing assessments had been received as compared to 80% for the previous period. This seems reasonable with many of the nuisance properties going through the LandBank/demolition process. FO Adams also noted that the County had received no other (non-Columbus) community assessments related to the LandBank processes. This supports the fact that the Township has yet to receive figures from the LandBank for demolition assessment.

OLD BUSINESS:

Administrator Brobst reported on the review of Brobst Park shelter house potential fees and possible reservations for the second shelter house. After looking at other communities' fees, no electric service at the second shelter, and problems with the first-come policy at the second shelter house, it is recommended for 2015 to continue with the policy of no fees but to take reservations for both shelter houses. The Board agreed with this recommendation. In response to Trustee Paini, Mrs. Brobst noted

RECORD OF PROCEEDINGS

September 17, 2014

that signs would be placed at both shelter houses and information would be placed on the website, emails, and at meetings. Extra signage may be purchased but it is not believed at this time that it will be needed. All reservations receive confirmation.

NEW BUSINESS:

Administrator Brobst announced that Trick or Treat for Madison Township is set for October 30th from 5:30 – 7:00 PM, matching MORPC's schedule as per our previous resolution.

She also discussed information received from Ohio Division of Liquor Control regarding a liquor permit request for DeStore. After consulting with Chief Braden, it was decided to officially request a hearing. This request is then filed away at Liquor Control. If the voters approve a permit, then a hearing would be scheduled based on our request. It is known that this issue is not on the November ballot.

Trustee Paini noted that Scott Belcastro did not make the meeting tonight but had planned to share numbers on the electric aggregation thus far. The subcommittee will be reconvening to make recommendations on the contract which ends in December. They will also be looking at contract options of budget billing and elimination of early withdrawal fees.

Administrator Brobst noted that a petition to annex 2.474 acres into Columbus in the Chatterton/Noe Bixby area had been received. The Township portion is a sliver of the roadway and there is no objection.

Fire Chief Robert Bates presented visual department stats for October. He thanked Trustee McDonald for Veterans Day pictures. He also thanked the Board on behalf of himself and the Department for the employee breakfast and those planning and participating in the preparation and serving. He discussed grants that the department was reviewing, pump tests that were canceled due to weather and will be rescheduled, and the start of the promotional testing process.

Police Chief Kenneth Braden presented October visual statistics for his department, noted that the concrete had been leveled and the generator fixed, and that the new cruiser was in and waiting on graphics. Public Works Superintendent Dave Weaver discussed the regional salt shortage, our 239 ton limit this season, the need to conserve, and the planned attack this year. The county has said that if this

winter would be like the last, depletion of the salt supply would be projected to be January 28th. He noted the first snow fall Sunday night. Only 8 tons of salt was used, when normally there would have been 16 tons used. In response to Trustee McDonald, Superintendent Weaver noted that we had never been cut off by the County. Trustee Dildine complimented Mr. Weaver on his efforts.

TOWNSHIP ADMINISTRATOR:

Administrator Susan Brobst discussed the Asbury Cemetery resolution for 2014 and that 2015 would be discussed at the budget meeting. She also explained the MORPC membership resolution and that the per capita amount had changed by only a few cents but that this was for a complete, not partial year. Mrs. Brobst also discussed the need for the rescinding of the previous nuisance trash resolution and the passage of a new one after meetings with the hauler and legal counsel.

TOWNSHIP FISCAL OFFICER:

Fiscal Officer Barbara Adams noted that the current cash balance was \$3,968,055.68. She discussed the retention process and that destruction should be the week of December 17th. She also noted that information had been received about a program being built to report entity financial statements online directly to the State Auditor in the coming year.

OLD BUSINESS:

Chief Braden noted that the Santa parade went great with no complications. The new plan of having Santa and activities inside the school building worked well especially with the cold weather. Trustee McDonald reviewed the school's process through the community regarding a potential cell tower in Blacklick Estates, showed appreciation to the Groveport Madison School Board for providing our Township's suggestion of a forum for residents to express their concerns, listening to those concerns, and acting accordingly.

Administrator Brobst gave an update on Toy Road. She has heard from many residents of the area, thinking nothing is being done, which is not the case. She clarified that the City of Groveport is having their engineer work on things to bring to the table in December. Representative Bishoff will get involved, wanting all to partner together. It is planned that the group will be back with the County and MORPC in the next month or so. Trustee McDonald would like updates to be delivered to the residents just as the meeting notices have in the past.

Mrs. Brobst also discussed GMYAA's request for improvements. The Board individually, and as a whole, do not wish to have a coach's stand at this time and the group is looking for a donation of a scoreboard, probably portable. GMYAA will work on ideas over the winter and will talk to the Township before summer next year.

NEW BUSINESS:

Administrator Brobst, along with Chief Bates, discussed representatives for oral interviews, the contract, and candidates. Discussion ensued. Dates for a special meeting and the purposes needed were discussed, with December 10th decided upon as the date for the meeting.

SPECIAL MEETING

December 10, 2014

The Madison Township Trustees met in special session at 6:05 PM on December 10, 2014 at the Madison Township Community Center. Roll call showed the following trustees present: Mr. Edward B. Dildine, Mr. Victor Paini, and Mr. Gary D. McDonald. Mr. Dildine led those present in the Pledge of Allegiance to open the meeting.

PURPOSES:

This Special Meeting was previously resolved to be held on December 10, 2014 at 6:00 PM called for the purposes of: discipline hearing for the Fire Department/consider discipline of a public employee or official, discussion and possible decision on electric aggregation contract, possible LETF and Legal discussion and action, reviewing negotiations or bargaining sessions for public employees concerning their compensation or other terms and conditions of employment/Police, and appoint the Fire oral review board member.

RESOLUTION:

178-14 APPROVE EXECUTIVE SESSION

Mr. Paini moved to immediately enter executive session for Police/Fire for the purpose of: reviewing negotiations or bargaining sessions for public employees concerning their compensation or other terms and conditions of employment and considering discipline of a public employee or official. *****EXECUTIVE SESSION*****

Mr. Paini moved to close executive session and resume the meeting in open session at 7:58 PM, noting that no action was taken in executive session.

DISCUSSION:

Fiscal Officer Barbara Adams reminded that several purposes had been listed in the event items would be ready for action. Administrator Susan Brobst reported that a meeting regarding electric aggregation is scheduled for Monday and that action on this subject would take place at the regular meeting. FO Adams touched on the LETF (Law Enforcement Trust Fund) with Trustee McDonald feeling that the Police Chief should have all discretion with the fund. She also touched on the Attorney General opinion that Police and Fire legal bills related to contract negotiations should be paid from the General Fund. Recent information showed that it looked likely that an amendment to legislation would allow those bills to be covered in the individual funds. Unfortunately Fire Chief Robert Bates had just received word this morning that the legislature felt the item was too complicated to complete prior to the holiday recess. FO Adams stated that all invoices for the entire year would be reviewed and re-classed to the proper fund for 2014, based on the Attorney General opinion, before closing the year. Chief Bates also noted that Steve Shaner, potential appointee for the Fire Oral Review Board is the Grandview Heights Fire Chief.

REGULAR MEETING

December 17, 2014

The Madison Township Trustees met in regular session at 6:05 PM on December 17, 2014 at the Madison Township Community Center. Roll call showed the following trustees present: Mr. Edward B. Dildine, Mr. Victor Paini, and Mr. Gary D. McDonald. Mr. Dildine led those present in the Pledge of Allegiance to open the meeting.

PRESENTATIONS REQUESTED BY THE BOARD:

Greg Odell, representing Aqua Ohio, was in attendance to celebrate the way that his company and Madison Township have come together in the past and are still working well together. He presented a check from the shareholders of the parent company for \$1000 earmarked as a donation for Brobst Park upgrades such as park benches and picnic tables. The Board thanked Mr. Odell for the donation and showed appreciation for Aqua's efforts in working together as a group.

Scott Belcastro, representing Trebel, was not yet in attendance at this time but following the Fiscal Officer, he presented information regarding the electric aggregation RFP (request for proposal) process and results. He noted that the world of energy is changing quickly right now and is trickier than before. He is pleased that responses were received from Constellation and IGS. Two concerns of the Board had been having no early termination fee and budget billing. IGS is able to provide budget billing. Mr. Belcastro stated that the Township's good "load profile" helped it come in better than other entities. He also suggested not to get caught up in different entities having different results, as each entity is based on different criteria.

In response to Trustee McDonald, Mr. Belcastro noted that 100% of AEP energy will be auctioned off as of 01/01/15. He also answered Mrs. Brobst as to the date to place in the resolution and in response to Trustee Paini, he did not have new savings numbers. Administrator Brobst stated that the committee had met and recommended IGS for a 24 month period.

PUBLIC INPUT:

No attendees wished to address the Board.

TOWNSHIP DEPARTMENTS:

Fire Chief Robert Bates presented visual stats for the month of November and thanked retired FF Terry Williard for the pictures of the recent Wigwam Restaurant fire. Chief Bates also reported on 2013 automatic aid which includes Groveport and Canal Winchester. Counting by each vehicle, Madison Township gave 3460 and received 2339 with a net given of 1121. This is nowhere near the 7000 reported by Columbus. In response to Trustee Paini, Chief Bates has yet to work on this information for 2014 but expects the same trend. He also noted that they should be counting incidents not vehicles. That differential is around 170.

Chief Bates also acknowledged crews for the fantastic job they did approximately two weeks ago in keeping the damage to a minimum regarding the Wigwam Restaurant fire. On behalf of the Board, Trustee McDonald thanked him for the initiative in keeping vital information out to the public.

Public Works Superintendent Dave Weaver reported on November snow removal, compared it to the previous year showing lower salt expense by using more brine and calcium/salt. He also noted that the crew was working very hard in efforts to save money this year.

TOWNSHIP ADMINISTRATOR:

Administrator Susan Brobst discussed the resolutions on the agenda. The 2015 meeting dates do not require a change in July to meet budgeting requirements in 2015 and routine fuel and towing contracts are to be approved.

TOWNSHIP FISCAL OFFICER:

Fiscal Officer Barbara Adams noted that the current cash balance was \$ 3,860,980.54. She noted that the office had been very busy preparing for and conducting individual department budget meetings and the recent budget work session, as well as other year-end projects. The retention project should be complete this week. She discussed annual housekeeping resolutions on the agenda and noted that Law Enforcement Trust Fund discussion and the resolution setting a special meeting on December 30th would take place after executive session, allowing for any additional purposes to be added.

OLD BUSINESS:

Administrator Brobst noted that an update memo was distributed to residents in the Toy Road area prior to Thanksgiving. No resident responses were received. Local entities have met, looking at both short and long term solutions, and a possible study. Another meeting is scheduled for January. Trustee McDonald noted that Rep. Heather Bishoff was present and showed a strong interest in the community and in the residents.

NEW BUSINESS:

Administrator Brobst had provided handbook changes to the Trustees for review and reminded that they needed to be approved at the December 30th or January regular meeting. She also announced that applications will be accepted for Public Works seasonal employees to start May, 2015. The start

DISCUSSION:

Administrator Susan Brobst discussed the need for the two COCIC resolutions on the agenda. She discussed changes to date for the employee handbook and noted that as other minor language changes had been found, the handbook updates would not be ready for approval until January. Administrator Brobst also explained the Fire Chief agreement and that the salary would remain the same at this time. As well, she also noted that there was no need for an MOU with Local 2507 as all agreed that contract language already addressed the issue.

Fiscal Officer Barbara Adams explained the temporary appropriations resolution based on the 2015 budget work-session in December. There was no need for other action for the Fiscal Office at this time. FO Adams noted that she had spoken with the State Auditor's Office and as they suggested, she was stating for the minutes that she still believed the Township should follow the Auditor's direction
